

Annual Highway District Financial Reporting

Friday, November 3, 2023

Idaho State Controller's Office

Introductions

John Iasonides
Deputy Controller

Jackie McCleve
State Social Security Manager

Agenda

House Bill 73 Refresher - 2021 Legislative Session

Local Transparency

- How it impacts you
- 2024 Financial Reporting Requirements
- Looking forward: where we are going

House Bill 73 – 2021 Legislative Session

- Statutory Reporting Requirements
 - Uniform reporting
 - Uniform Accounting Manual UAM (expected to be completed by Jan 1, 2025)

Be It Enacted by the Legislature of the State of Idaho:

SECTION 1. LEGISLATIVE INTENT. It is the intent of the Legislature to provide for uniform accounting, budgeting, and financial reporting procedures for counties, cities, urban renewal agencies, and all other local districts. It is the purpose of this act to enable such local governmental entities and the state controller's office to provide comparable data by the use of uniform accounting, budgeting, and financial reporting procedures. It is also the intent of the Legislature for the financial data of education providers, as that term is defined in section 33-357, Idaho Code, to be submitted to the state controller's office to be correlated to the uniform accounting, budgeting, and financial reporting procedures to enhance public access to the education providers' financial data. It is also the intent of the Legislature to ensure uniform auditing of health district finances.

Trust in Government

The better question is how much of my money is the stae and county taking from me and what are they wasting it on?

Govt in my area sure has a large chunk of change compared to all the other areas of spending 😞

Well they steal the money from me , against my will in the first place --which is theft --then they generally waste the money, steal it for themeselves or use it to abuse power.

Thank you for letting us know how much we are being taxed so we know how much of our money is spent in so much more efficient ways that we ourselves could ever have.

Like Reply Hide 1 w

Yeah, efficient for the officials to favor those who Contribute AKA bribe them.
